I am a Software Test Engineer with overall work experience of 3.6 years in Software Quality and Assurance Engineering and I also have 2.5 years of Automation/ETL Testing Experience.

WORK EXPERIENCE

Associate
Cognizant Technology Solutions

01/2016 – Present   *Chennai*

PROJECTS & ACHIEVEMENTS

Release 2 - CHUBB OVERSEAS GENERAL (01/2017 – Present)

- I have contributed and successfully implemented Selenium Automation Testing in my project and have reduced the manual effort by fifty percent and this significant cost savings was recognized by my leadership team with - 'The QE&A Pride' Award.
- With huge successful Go live for six countries and Fourtyeight more Countries yet to go live 'Zero Escalation' goal is achieved till now from my Team (both Data Migration Testing Team and Functional Testing Team)
- I made a Migration Comparator Tool that helps in early defect identification by prediction of defect injection(40% of the defects are now identified at very early stage)
- As a Data Migration SME I help my leadership team in drafting the Testing Plan and Resource Plan for Data Migration Testing
- Many Adhoc reports prepared by me were highly appreciated by my Onsite Team and Clients for the Data and Quality of the report
- As I have experience since the Requirement Analysis till Defect Closure Report in this project I could say that I have an ample experience in Software Testing Life Cycle.

CHUBB GENERAL MANAGEMENT (01/2016 – 01/2017)

- For the quality of work done by us, my Team was also requested to do the UAT Testing which was highly appreciated and spoken amongst other teams at that time.
- For the given stringent testing timeline we did Risk-based Testing which helped to deliver the project on-time which was highly appreciated by Business Team.
- I performed the the Data Migration Testing for this project that ensured 99% data coverage by smart test data creation - 'Pillar of the Month' Award
- My Project also involved Multi-Lingual Testing, Integration Testing and Interface Testing. Apart from this I have a hands-on experience in ETL Testing.

EDUCATION

Bachelor of Education
Velammal Engineering College

08/2011 – 04/2015   *Chennai*

Courses
- Mechanical Engineering

SKILLS

Automation Testing · ETL Testing · Java

Selenium · IBM Data Studio 4.0

QC Migration Testing · Data Migration Testing

Manual Testing · HP -ALM Quality Centre(v.12.2)

Subscribe · Interface Testing
